# Installation

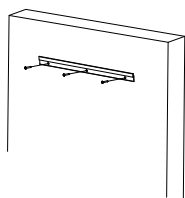

Check the product for damage prior to installation, damage reported after installation will not be covered.

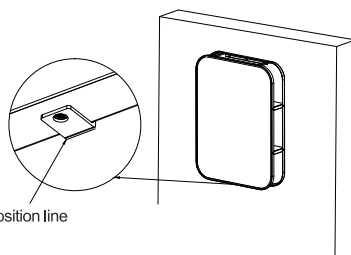

1. Please fit the connectors to the front frame using the screws

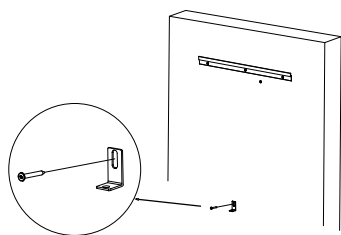

2. Then connect this to the other section of the frame using the screws

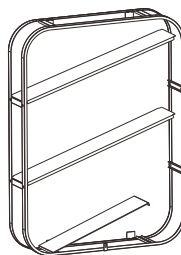

3. Place the hanging bar against the wall ensuring it is level and mark the drill holes; Drill the wall and insert the wall plugs and tap flush with wall surface; Place the hanging bar over the drilled holes and fix into place using the screws provided (If suitable)

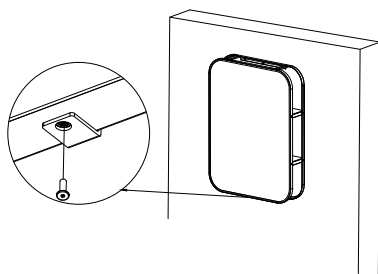

4. Hang the mirror onto the hanging bar; Locate the anti-pull fitting onto the underside of the mirror and mark this position

5. Remove the mirror and place the anti-pull fitting against the mark and then mark the drill hole; Drill the wall and insert the wall plug and tap flush with the wall surface.

6. Slide into the recess inside the mirror as shown

7. Re-hang the mirror and align it with the anti-pull fitting; Fit the screw to secure the mirror to the anti-pull fitting as shown

# CLEANING AND MAINTENANCE

Never use products containing bleach or abrasive cleaners, as these will have a detrimental effect on the appearance and lifespan of the product. Use a clean micro fiber cloth to clean the mirror.
